

## RIVET SHELVING

Up to  
**400kg**  
per level

## Advantages:

- Boltless & fully adjustable
- Cost effective, easy to assemble
- Wire mesh/timber shelving options
- Powder coated finish (charcoal)

## Ideal for:

- Commercial/Department stores
- Light industrial/Transportation
- Home goods/Footwear
- Warehousing/Archive storage
- Basements/Manufacturing
- Offices/Schools
- Garages/Tyre storage
- Parts and battery storage

## Specifications:

The rivet shelving is one of the most versatile storage methods available and is designed to provide for maximum vertical clearance between shelves. It can hold a load capacity of 400kgs per level, giving a total of up to 2000kgs per bay and offers unlimited flexibility, providing a custom fit for all of your material handling applications.

## Load Capacity:

<400kgs depending on shelf width
